Using the App:

- If you are using Zinio on a mobile device, go to your App Store and search for *Zinio for Libraries*. Download, install, and open this app.
- Tap the *Login* button. You will be prompted to enter the email address that you used to create a Zinio account. Then verify your library and hit *Done*. Enter your password and keep the *Remember Me* box checked if you would like to skip this step in the future.
- Your checked out magazines will automatically be displayed as your account syncs. To prompt the download, tap the magazine you would like to read. It will automatically open, and you will be able to read it as it loads.
- Titles that have been checked out but not downloaded will display a cloud icon at the bottom right of the issue.
- To check out additional titles, go back to <http://tinyurl.com/ACLmags> or tap the *Check Out Magazines* link at the bottom right of the app's main screen.

Returning Items:

- You don't ever have to return the digital magazines you check out!
- Magazines do take up some space on your device, so if you would like to remove them, tap the *Edit* button in the top right of the app's main screen. Tap the **X** on each magazine you would like to delete. When finished, tap *Done* in the top right corner.

Miscellaneous Tips:

- Your checked out magazines never expire so you can read them again and again!
- Some magazines have links embedded in the text to help you more quickly jump to different articles or online features.
- *National Geographic* is even interactive, pulling in Instagram and Twitter feeds. It also incorporates video and sound that relate to the articles you're reading!
- Zinio allows you to bookmark certain pages so you can easily find your favorite articles (or recipes).
- You can use pinch & zoom gestures to enlarge the page for smaller fonts or details.
