The Augusta County Library Introduces NovelList

by BWW News Desk Sep. 28, 2017

Have you ever finished a great book and wanted to find more just like it? Or wanted to help your child find just the right book to read? The Augusta County Library now offers NovelList, a helpful resource to help readers match up with the books that are right for them.

The NovelList database connects readers to their next book by making recommendations for what to read next. One of the most popular elements is read-alikes. This feature suggests titles similar to other titles you may have enjoyed. If you've just finished a great book, log into NovelList and find great read-alikes for both authors and series. Consider NovelList your one-stop guide to great reading. It contains lists of recommended reads and award-winning books and also covers both fiction and nonfiction titles for all ages from the youngest readers to adults. It also has extra content like reviews (both professional reviews and reader reviews), book discussion guides, curriculum guides, and other book-oriented articles. These resources are especially helpful for book groups and teachers.

Library usage is critical component in literacy and educational success, and NovelList provides valuable support. By identifying the right books for every reader, it helps younger readers achieve reading success. Parents, teachers, and students can search by age, reading level, grade, and more. Audiobook recommendations are a recent addition to NovelList. When you want to find the perfect listening experience – whether that means short, long, for the whole family, a specific narrator – this service will help you find lots of suggestions. Sound clips are included so you can get a preview.

Ask about NovelList on your next visit to the library. Or try it out at www.valleylibraries.org.

For additional information, contact the library at 540-885-3961 or 540-949-6354 or visit www.AugustaCountyLibrary.org. The Augusta County Library is located at 1759 Jefferson Hwy. in Fishersville.
